

INVEST in NORTHWEST

Put Our Communities to Work!

Attention Community Leaders!!!

Important information regarding the opening of the Thomson Prison

Save the Date!!!

Community leaders are invited on **February 25** to our Community Preparedness Workshop. We will have specific plans to help you and your communities get ready for the changes we anticipate coming to your community. Workshops times are: 9:00am, 1:00pm or 6:00pm. You may choose the workshop that fits your schedule the best. All workshops will be held at the Carroll County Farm Bureau, Mt. Carroll.

We look forward to this opportunity and we are confident that you will too. Despite all the rumors and wrong information floating around, our time to shine and move our region forward is now. Regardless of the sale of the prison, Northwest Illinois is ready to repair, recover, and remain strong in our growth. We are ready! Let's watch Northwest Illinois grow in 2010!

Please check online www.tcedaonline.com for important updates. Become a fan of TCEDA on Facebook for important live updates!

TCEDA is excited to be a part of this regional partnership with Blackhawk Hills RC&D and EDD, US Department of Agriculture, economic development professionals, and many more.
